

EMOTOPIC

FROM THE 1st DAY OF LIFE.
FOR ADULTS AND CHILDREN.

EMOTOPIC BREAKS THE VICIOUS CIRCLE IN THE DEVELOPMENT OF ATOPIC DERMATITIS AND DRY SKIN

EMOTOPIC is a specialized emollient line of dermo-cosmetics dedicated for daily care for dry, very dry, dehydrated and sensitive skin prone to scaling, itching, irritation, as well as skin with atopic dermatitis or eczema.

NATURAL OILS WITH PROVEN MEDICAL EFFICACY

EMOTOPIC emollients are based on natural oils – a compilation of **Canola oil** and **hempseed oil** – which soothe itching, burning and inflammation. Hempseed oil is extremely rich in **essential fatty acids (EFAs)** and saturated fatty acids, which form a barrier to protect the skin against environmental aggressors and water loss. It also contains **vitamins A, D, E, and minerals**. Canola oil boasts a very high content of natural sterols, and is particularly rich in natural vitamin E. **It's soothing and anti-inflammatory properties are comparable to those of steroids (1% of hydrocortisone).** Together these two oils **stimulate the regeneration of microdamage in the skin and strengthen the natural hydro-lipid barrier.**

**EFFICACY AND SAFETY CONFIRMED BY DERMATOLOGICAL TESTS AND CLINICAL STUDIES
SUPERVISED BY PAEDIATRIC DERMATOLOGISTS.**

ORIGINAL SAFETY AND EFFECTIVENESS RESEARCH

As one of the leading cosmetics companies, we reach beyond minimum standards. Therefore we have conducted **multiple stage research** of the safety and effectiveness of the **EMOTOPIC** series among patients with dry skin and AD symptoms. The research concerned safety evaluation with the use of **in vitro methods** and research, **involving patients of varied age** and coping with various intensity degrees of AD symptoms. It was conducted at **6 independent research institutes under dermatological supervision**. The research confirmed that the products exhibit a high threshold of tolerance and high effectiveness in dry and atopic skin care. Innovative research on safety evaluation and effectiveness with the use of **EMOTOPIC** preparations made a significant research contribution to world-class science.

RECOMMENDED SKIN CARE PROGRAMME DEPENDING ON THE SEVERITY OF SKIN DRYNESS

PROBLEM INTENSITY

SENSITIVE, DRY SKIN PRONE TO IRRITATION

Preventative care for babies,
children and adults

Typical patient profile:

- strengthening the epidermal hydro-lipid barrier of infants
- individuals suffering from temporary skin dryness (related for example to seasonal changes)

BATHING AND SHOWERING

- EVERYDAY BATH EMULSION
- CREAMY WASH GEL
- PHYSIOLOGICAL SHAMPOO

FACE AND BODY CARE

- MOISTURE AND LIPID-REPLENISHING LOTION
- EMOLLIENT BARRIER CREAM
- DERMO-PROTECTIVE MINERAL CREAM SPF 50+

PROBLEM INTENSITY

DRY SKIN PRONE TO CONTACT ALLERGIES, ITCHING AND MICRODAMAGE

Daily care for allergic,
delicate skin

Typical patient profile:

- in remission from symptoms of atopic dermatitis
- individuals with severe allergies

BATHING AND SHOWERING

- EVERYDAY BATH EMULSION
- CREAMY WASH GEL
- PHYSIOLOGICAL SHAMPOO

FACE AND BODY CARE

- MOISTURE AND LIPID-REPLENISHING LOTION
- SOOTHING AND SOFTENING EMOLLIENT CREAM
- EMOLLIENT BARRIER CREAM
- SPECIAL LIPID-REPLENISHING CREAM
- DERMO-PROTECTIVE MINERAL CREAM SPF 50+

PROBLEM INTENSITY

SEVERELY DRY, ITCHING AND ATOPIC SKIN

Dedicated care for most
difficult, severe cases

Typical patient profile:

- severe atopic dermatitis
- eczema sufferers also during inflammation.

UNIQUE ON THE MARKET

BATHING AND SHOWERING

- EVERYDAY BATH EMULSION
- CREAMY WASH GEL
- PHYSIOLOGICAL SHAMPOO

FACE AND BODY CARE

- SOOTHING AND SOFTENING EMOLLIENT CREAM
- SPECIAL LIPID-REPLENISHING CREAM
- DERMO-PROTECTIVE MINERAL CREAM SPF 50+

3-IN-1

INTENSIVE LIPID REPLENISHER for body

UNIQUE ON THE MARKET

INDICATIONS

- Chronically dry and atopic skin
- Different types of eczema: atopic, contact, allergic, psoriasis
- Increasingly itchy skin
- No age limitations
- For patients during and after dermatological treatment, e.g. topical steroid therapy, in order to prevent the recurrence of dryness and AD

ACTION

- The product regulates epidermal renewal to reduce excessive exfoliation.
- High 18% lipid content and 32% emollient content replenish lipid shortages in the intercellular cement, strengthening the epidermis and ensuring its proper physiological cohesion.
- The soothing and antipruritic properties are provided by Canola oil and hempseed oil, which show medical efficacy in caring for the skin with chronic dryness and atopic dermatitis (AD) and extending the periods of remission between flare-ups.
- The product absorbs quickly without leaving a sticky residue on the skin.

UNIQUE ON THE MARKET – A PRODUCT WITH THREE INDICATIONS:

1. 

LIPID-REPLENISHING BATH EMULSION – FOR NEWBORNS, INFANTS, CHILDREN AND ADULTS.

2. 

BODY WASH – FOR BABIES FROM 6 MONTHS OF AGE, CHILDREN AND ADULTS.

3. 

LIPID REPLENISHER – FOR BABIES FROM 6 MONTHS OF AGE, CHILDREN AND ADULTS.

FREE OF / PARABENS, COLOURANTS, PRESERVATIVES, FRAGRANCES, PEG, AND PROPYLENE GLYCOL

Active ingredients: hempseed oil | canola oil | vitamin E | shea butter | glycerin | parafin

200ml, 400ml

EVERYDAY BATH EMULSION

for daily use in the bath

strengthens the skin's natural hydro-lipid barrier

HOW THE PRODUCT WORKS

- Effectively cleanses the body.
- Soothes and relieves irritations, restoring comfort to taut, dry and itchy skin.
- Natural oils replenish lipid shortages and ensure proper epidermal cohesion.
- Strengthens the skin's hydro-lipid barrier, reducing the skin's susceptibility to environmental aggressors and the risk of developing skin irritation and aggravating AD symptoms.

FREE OF / WATER, DETERGENTS, PARABENS, COLOURANTS, PRESERVATIVES, FRAGRANCES, SLS, SLES, SOAP, SILICONES, ACRYLATES, AND PROPYLENE GLYCOL

Active ingredients: hempseed oil | canola oil | soybean oil | omega acids 3, 6, 9

400ml

CREAMY WASH GEL

for daily body care in the shower

mild wash base biocompatible with skin pH

HOW THE PRODUCT WORKS

- Gently cleanses the skin without compromising the hydro-lipid barrier.
- Leaves the skin intensely moisturized, smooth and soft to the touch.
- Prevents excessive dryness and flaking of the epidermis.
- The regenerating vitamin E provides adequate nourishment for the epidermis and restores the natural epidermal hydro-lipid barrier to protect the skin from environmental aggressors.

FREE OF / PARABENS, COLOURANTS, ALLERGENS, SOAP, FRAGRANCES, SLS, SLES, SILICONES, AND PROPYLENE GLYCOL

Active ingredients: hempseed oil | canola oil | vitamin E | omega acids 3, 6, 9

200ml

NEW

PHYSIOLOGICAL MOISTURIZING FOAM SHAMPOO

for daily washing of scalp

restores balance and relieves scalp dryness

HOW THE PRODUCT WORKS

- Clears the scalp and hair from impurities without affecting the hydro-lipid barrier.
- Reduces itching and prevents recurrence of dry skin.
- Soothes irritations and calms the skin.
- Bio-compatible with the physiological pH of the skin, enabling thorough yet gentle cleansing of the scalp and hair.
- Makes bath time and hair washing fun for children.

FREE OF / PARABENS, COLOURANTS, ALLERGENS, SLS, SLES OR SOAP

Active ingredients: betaine | D-panthenol | camomile extract | glycerin

190ml, 400ml

MOISTURE AND LIPID-REPLENISHING BODY BALM

for daily body care

prevents dry skin and recurring dryness

HOW THE PRODUCT WORKS

- Restores the natural physiological balance, optimum hydration and softness to the skin.
- Reduces epidermal dryness and flaking, prevents the symptoms of dry skin from recurring.
- Strengthens the hydro-lipid barrier to protect the skin from environmental aggressors.
- Relieves irritations and controls unpleasant skin itching and roughness.
- Absorbs quickly without leaving a greasy residue on the skin or clothes.

FREE OF / PARABENS, COLOURANTS, PRESERVATIVES, FRAGRANCES, AND PROPYLENE GLYCOL

Active ingredients: hempseed oil | canola oil | rice oil | lanolin | olive wax | vitamin E | glycerin

200 ml

SOOTHING AND SOFTENING EMOLLIENT CREAM

for body

reduces irritation and itching

HOW THE PRODUCT WORKS

- Supports deep skin hydration and regeneration **during exacerbation periods** characterized by severe dryness, flaking, keratinization, and micro-damage in the epidermis.
- Prevents skin irritation, redness, itching and burning.
- Restores comfort to taut, rough and irritated skin.
- Reduces skin flaking and alleviates the symptoms of dryness.
- Makes the skin smoother.

FREE OF / PARABENS, COLOURANTS, PRESERVATIVES, FRAGRANCES, SILICONES, PEG, AND PROPYLENE GLYCOL

Active ingredients: hempseed oil | canola oil | lanolin | avocado oil | vitamin E | omega acids 3, 6, 9

75 ml

EMOLLIENT BARRIER CREAM

for daily face and body care

prevents rough skin and irritation

HOW THE PRODUCT WORKS

- Ensures the optimum skin moisture and lipid levels, making the skin smoother.
- Leaves a protective lipid film on the skin to protect it from environmental aggressors.
- Prevents epidermal roughness and microdamage.
- Sodium hyaluronate helps restore proper moisture levels in the epidermis, even if it is severely dry.

FREE OF / PARABENS, COLOURANTS, PRESERVATIVES, FRAGRANCES, SILICONES, ACRYLATES, AND PROPYLENE GLYCOL

Active ingredients: hempseed oil | canola oil | sodium hyaluronate | peptide vitamin E | glycerin | omega acids 3, 6, 9

75 ml

SPECIAL LIPID-REPLENISHING CREAM

for daily face and body care

reduces itching and prevents chafing

HOW THE PRODUCT WORKS

- Ensures long-lasting replenishment of skin moisture and lipids.
- Reduces discomfort, and decreases skin dryness and roughness after just one application.
- Canola oil and hempseed oil stimulate the regeneration of skin microdamage and strengthen the natural epidermal hydro-lipid barrier.
- Sodium hyaluronate and hygroscopic moisturizing molecules restore proper skin hydration, replenishing water reserves in the epidermis.
- Restores comfort and relieves symptoms associated with skin lesions.

FREE OF / PARABENS, COLOURANTS, PRESERVATIVES, FRAGRANCES, SILICONES, ACRYLATES, PEG, AND PROPYLENE GLYCOL

Active ingredients: hempseed oil | canola oil | sodium hyaluronate | omega acids 3, 6, 9

75 ml

NEW

DERMO-PROTECTIVE MINERAL CREAM SPF 50+

for daily face and body care

100% mineral filters

HOW THE PRODUCT WORKS

- Provides very high UVA and UVB protection.
- Reduces the risk of sunburn and sun irritation.
- Boosts the hydro-lipid barrier of the skin, protecting it from dryness.

FREE OF / PARABENS, COLOURANTS, ALLERGENS OR PERFUME

Active ingredients: hempseed oil | canola oil | 100% UVA and UVB mineral filters
